Getting the home ready

Pets

Keep cats, dogs and other pets in a separate safe room away from the areas being cleaned. Tell the coordinator which room they will use before the appointment. Cleaners do not handle pets, and customers remain responsible for their care.

Clear a little space

Put away small valuables, toys and loose items from the surfaces and floors you want cleaned. Leave access to the agreed rooms and identify delicate or damaged items. Heavy furniture, repairs and decluttering are outside the service.

Products and an oven clean

Juniper normally brings supplies and equipment. If you want a particular product used, ask first and provide its label; the coordinator will check suitability. For a booked oven add-on, switch the oven off and let it cool fully, remove food and tell us about faults. Do not dismantle the appliance or mix cleaning products.
