Safety and Exclusions

Fictional demo company | Version 1.0
Effective 22 October 2026

Working within the agreed scope

Fragrance and product requests

Tell the coordinator about fragrance preferences and delicate surfaces before booking. Juniper can review a request for an unscented product, but the guides do not guarantee an allergen-free, fragrance-free or chemical-free environment. A cleaner must check the product label and surface suitability; do not mix products.

Work we do not offer

Hazardous materials, biohazards, pest removal, mould remediation, exterior high windows, ladder work, heavy lifting and repairs are excluded. Carpet shampooing and upholstery treatment are also outside the catalogue. Ask for a coordinator review when the condition or task is unclear.

Pause for review

Tell the coordinator about damaged surfaces, access hazards or a task that differs from the request. Do not infer a safety guarantee from a general cleaning guide. The demo provides fictional business guidance and cannot assess a real hazardous situation.
