JUNIPER / CLEANING

Access and Arrival

Fictional demo company | Version 1.1
Effective 24 October 2026

Planning access

An agreed way in

Arrange access with the coordinator before the confirmed appointment. You may be present or arrange another agreed access method. Do not put a key code, alarm code or private address into this public demonstration; use fictional details only.

Arrival and availability

The displayed time is in the timezone saved for your demo workspace. A preferred time is reserved only after you review the quote and successfully book the clean. The booking card shows the assigned cleaner and reserved time. The demo does not dispatch staff or send arrival messages. If an access arrangement changes, request a change for review rather than assuming the calendar has changed.

On the day

Identify the rooms and any restricted areas in advance. Make electricity and water available for the agreed tasks. If safe access is uncertain, the coordinator must review the job; this guide does not authorize entry or guarantee that work can proceed.
